

**WESTERN SPRINGS  
COLLEGE****PLASTIC WELDED  
EXTRACTION SYSTEM****WESTERN SPRINGS  
COLLEGE****RIGID PLASTICS  
WELDING**

AS 4254 COMPLIANCE

**THE PROBLEM**

None of the joints could be  
solvent welded

**THE SOLUTION**

To meet AS 4254 requirements  
we did all welding on site  
using rigid plastics welding

**Great guys to work with, they were helpful, we worked well together and they just got on and got it done, there was no mucking around. The guys were great, the workmanship was great, job was really well done!"**

Wayne, Dustex
